Education

Xth CISCE

St.Xavier's School Doranda, Ranchil

Year: 2021

XIIth ISC

St.Xavier's School Doranda, Ranchil

Year: 2023

Computer Science Engineering

Vellore Institute Of Technology, Bhopal

Graduating year: 2027

Summary

Aspiring Software Engineer and AI/ML Enthusiast with hands-on experience developing intelligent, data-driven, and accessible web applications. Proficient in Python, JavaScript, and PHP, with working knowledge of TensorFlow, Scikit-learn, AWS, and Azure. Demonstrated ability to design, train and deploy machine learning models for deep-fake detection and predictive analytics. Passionate about building user-centred, full-stack solutions that drive impact and innovation.

Skills

Programming & Querying: Python, JavaScript, PHP, Java, SQL

Web Development: HTML5, CSS3, React.js, Node.js, Express.js, REST APIs

Databases: MySQL, MongoDB

Cloud & DevOps: AWS, Azure, Git, GitHub, Docker

Software Development: Object-Oriented Programming (OOPs), API Integration, Debugging, Testing

Machine Learning & AI: TensorFlow, Keras, Scikit Learn, Pandas, Num Py, OpenCV

Soft Skills: Problem Solving, Collaboration, Communication, Continuous Learning

Projects

Accessible E-Commerce Web Design | *JavaScript, HTML, CSS*

September 2025 – October 2025

- Developed a WCAG-compliant e-commerce prototype emphasising inclusive and accessible design.
- Improved usability for visually and motor-impaired users through adaptive UI and ARIA-based navigation.

Deepfake Detection Model | *Python, TensorFlow, EfficientNetB3*

March 2025 – March 2025

- Implemented a CNN-based classifier achieving 87% accuracy on a Kaggle dataset of 40K+ samples.
- Automated preprocessing, augmentation, and evaluation to streamline the training workflow.

Student Performance Predictor | *Python, Scikit-learn*

May 2025

- Engineered a regression model predicting student scores from study, sleep, and activity metrics.
- Delivered an interactive CLI app for on-demand predictions and performance insights.

Certifications

- **The Full Stack — Meta (Coursera) — Issued: Sep 18, 2025:** Gained hands-on experience in React, Node.js, APIs, databases, and responsive web development.
- **AWS Technical Essentials — Amazon Web Services (AWS) — Issued: Sep 19, 2025:** Learned foundational cloud concepts including EC2, S3, IAM, and architecture best practices.
- **Microsoft Azure AI Engineer Associate — Microsoft — Issued: 2025:** Trained in designing and implementing AI solutions using Azure Cognitive Services and Machine Learning.
